Solano Avenue is a local treasure with the charm of a small town and an unmatched array of restaurants and retail establishments – including professional and personal services.

Where else can you find a larger collection of independently-owned "mom and pop" enterprises, or such a dynamic range of goods and services?

Where else can you find a more culturally rich group of businesses with owners from all over the map? (Most of them live within the community.) Nowhere... whatever you need: It's on Solano.
