

Solano Avenue Association and Stroll

Gift Card Program

(Please post)

- **Treat gift cards as cash** and provide change to redeemer (change amount can vary)
- **Accept all three versions:** older paper certificates; thick, and now the new thin plastic cards
- **Do not harm or deface the gift card** when submitting for payment - we intend to reuse them.
- SAA gift cards are heavier; to avoid postage we would be happy to pick them up.
- We encourage merchants to reuse the cards at neighboring businesses; what a great way to buy your co-workers lunch on the Avenue - while saving the five percent fee!
- Be aware of first generation paper-style counterfeit certificates. The certificates (were) printed on a specialized premium quality paper and the printing itself is an off-magenta, not red.
- We sell the cards to schools and non-profits at ten percent off. We ask that you split that with the SAA / we take five percent from the face value at redemption; **the non profits who purchase these cards appreciate your five percent donation.**
- When in doubt, be polite and avoid accepting anything questionable and have [them] contact the Solano Avenue Association at **510-527-5358 info@solanoavenue.org**

SolanoCards.com

For the list of participating merchants - **thank you**
