Halloween on Solano

An annual event held on October 31st *

- Trick or treating on Solano Avenue between 3 and 5 pm
- Costume Contest at 5 pm ([Solano-Peralta Park](#))
- 4 Gallons / 500-1000 pieces of Candy

That is about how much candy you will need for the program (4 Gallons / 500-1000 pieces of Candy) less if there is rain. The bulk of the crowd is traditionally between San Pablo Avenue and the B.A.R.T. tracks at Masonic (in Albany).

Please note this is rough estimate based upon businesses we have heard from in the past, although years can vary... if you happen to run out of treats, please don't feel bad to put up a sign letting families know.

Because we are blessed with a number of new businesses on Solano Avenue (and near-by) please contact us if you have any questions about our Halloween on Solano program; we may also be trying to contact you simultaneously - thanks.

<http://www.solanoavenueassn.org/events/halloween-on-solano/>

If you choose to opt-out we have included "friendly" signage below... there are a dozen or so businesses that do not participate for several reasons.

If you need help subsidizing the cost of or procuring treats, please contact the Association (October is a light post-Stroll schedule for the Association - FYI)

* Since this event is primarily for the local school children, if the event falls on a weekend it may be subject to rescheduling
